

● Moon 1 ~ Moon of Purpose

Earth Dog Night Purpose

beginning our Earth Seeding Action year

The **Earth's** very ground is shifting. Now's the time for us to venture out from home into the field to actively engage in planting and being planted, and to trust in the knowing of the **Seed** to unfold in its own way and time. Positive potentialities abound, as do the provocative irritations necessary to scarify the Seed's protective cover so that it germinates.

This year promises challenges and healing around relatedness and our work, around living what the **Dog** of our hearts truly loves. We'll be called upon to expand our courage and strength to face unexpected transformations and encounters. We'll come to know who our true friends are, our dogs.

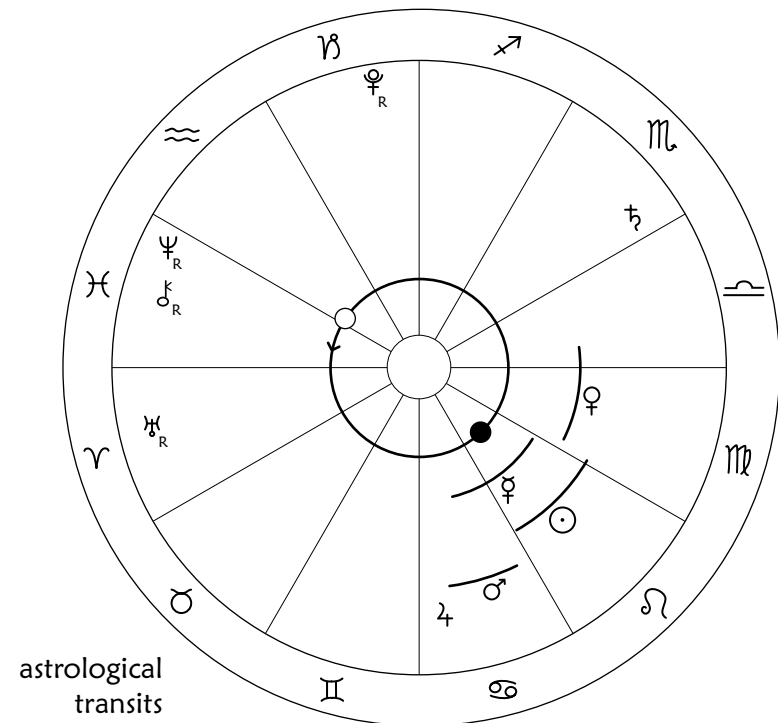

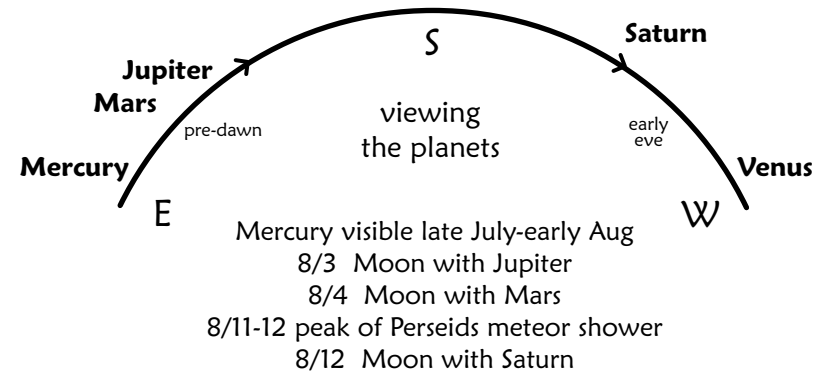

As **Night** falls, we lay down and nestle deep in the earth to dream new possibilities and stories that this year sprout to become our lives.

As the New Year begins, we find:

A Grand Water Trine, of Jupiter/Mars, Saturn, Neptune.

Venus making it into a Kite through potentializing sextiles with Saturn and Jupiter and opposing Neptune. **Mars making a T-square** by opposing Pluto and squaring Uranus, then **Jupiter** comes along and does the same later in the month.

- 7/29 The Moon gets in on the action and for a day creates a **Grand Sextile** in earth & water. **Profuse potentiality!**
- 8/1 Mars trines Chiron, Venus opposes Chiron
- 8/6 **New Moon in Leo**, Mercury leaves retrograde shadow
- 8/7 **Jupiter opposes Pluto**
- 8/8 Mercury into Leo
- 8/16 Venus into Libra
- 8/20 **Full Moon in Aquarius**
- 8/21 **Jupiter square Uranus** & trine Chiron
- 8/22 **Sun into Virgo**
