

Moon 13 ~ Moon of Freedom

Eagle turns into a Star sparkling Dragon of Freedom *fulfilling our Year of Earth's Moon Freedom*

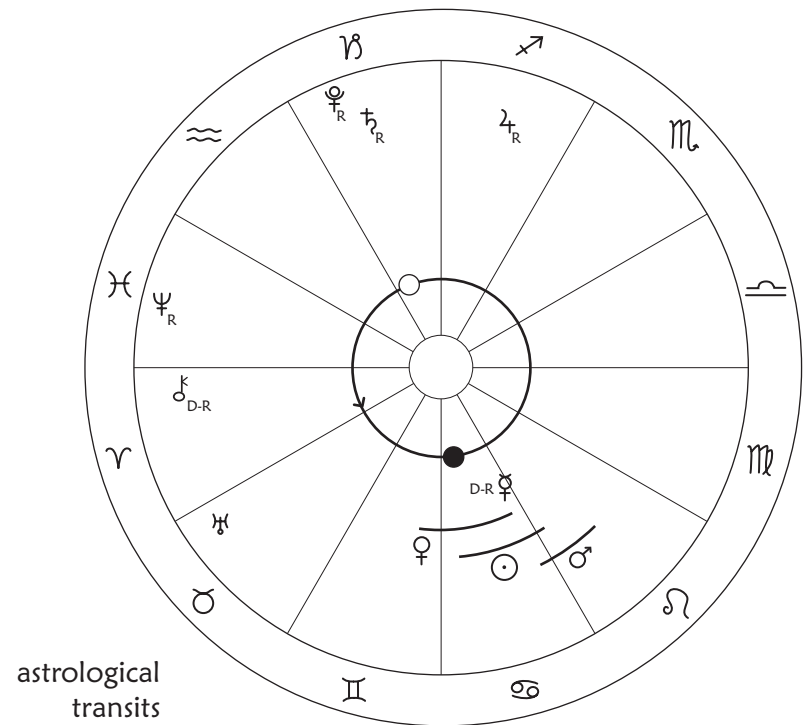

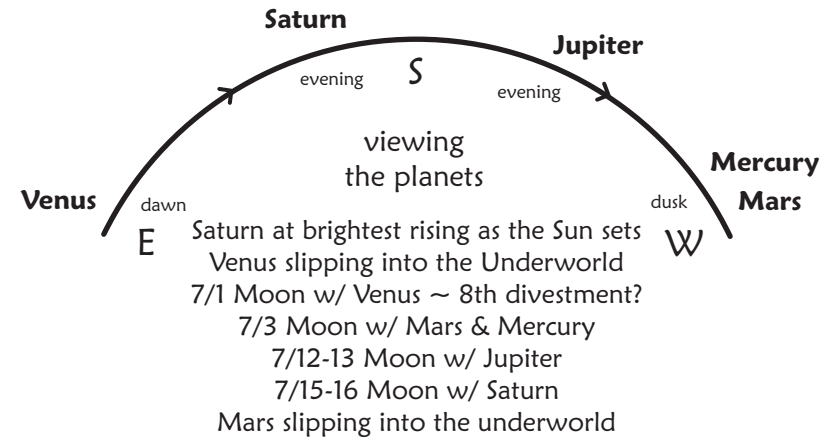

Eagle flies into a new form of freedom, bringing independence of vision and action that allows room for magic, the possibility of profoundly transforming, and starlit soaring into new heights.

Star shines beyond the cosmic gate, the sparkle of our ancestors enticing us to leap into the freedom of the all-that-is. Living in this galaxy, guided by the beauty-story of the stars, ripens us into magical beingness. See if you catch a glimpse of Venus w/ Moon walking naked into the underworld. In a fitting close to this 13-year Moon journey, we enter an eclipse season with a Total Solar Eclipse in Cancer offering a freeing reset in our relationship with home, family, and ancestors. **Mercury retrogrades in Leo** (& stations w/ Mars), inviting strongly embodied reconsideration.

Moon shines with bestowing Jupiter, as primordial **Dragon** births us into a new depth of freedom, to emerge & unfold, wave by wave, in the coming 260 days. Full Moon in Capricorn shining with Saturn at its brightest, is partially eclipsed. This reset is about serious freedom, the responsibility to be grounded enough to birth through the cosmic gate and live within the all-that-is.

The **Day Out of Time** offers the delicious freedom of being at home dimensionally journeying as Skywalkers, with Mars trine Jupiter blessing the journey, as Mars slips into the underworld.
