

# Moon 13 ~ Moon of Freedom

## **Storm sparks Humans Serpentine into Freedom**

*fulfilling our Year of Wizard Originating heading into a Mirroring Storm Relatedness Year*

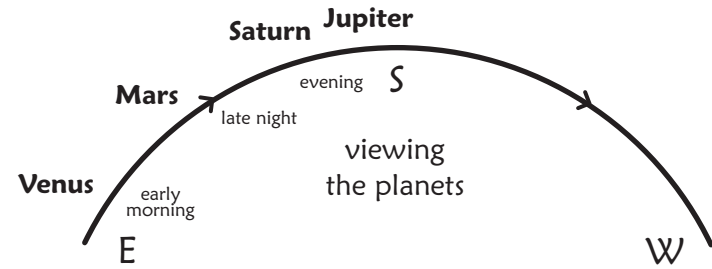

**Storming** into Freedom, as **Mars moves into Aries** for six months, self-expressive energy abounds. Our new reality is clarified by leaping through the cosmic gate into All-That-Is.

What it means to be **Human**, for real, is going through an energizing foundational transformation, which is a good and freeing thing, albeit requiring deep focus and hard work, as **Jupiter conjuncts Pluto in Capricorn**. With Saturn moving back into Capricorn, and a Lunar Eclipse in Capricorn, maturely meeting our responsibility to be the human we came here to be, and to do what's ours to do, is where real freedom can be found.

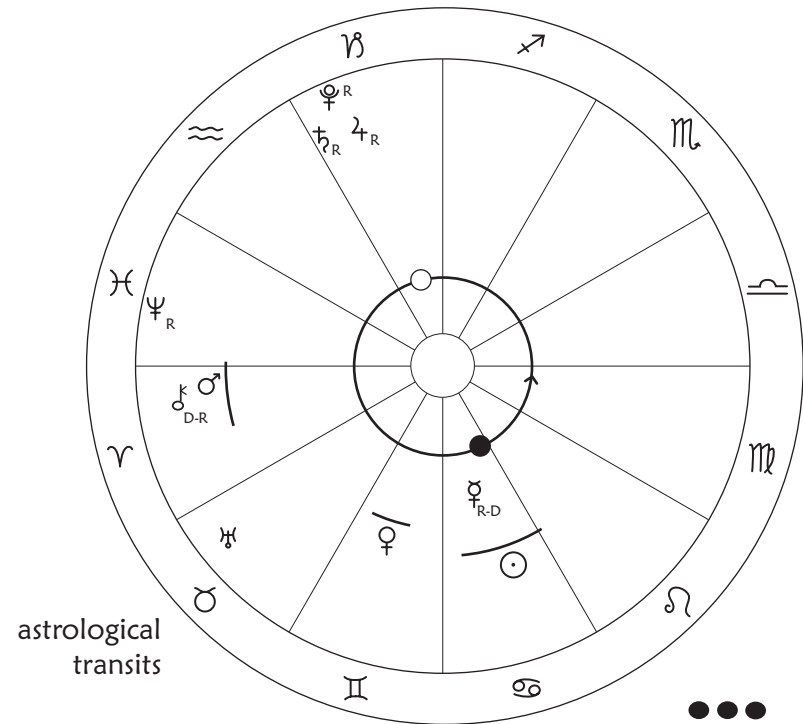

Amidst all this seriousness, **Mercury goes Direct**, as we meet All-That-Is, and **Serpent** energy undulates through our bodies, initiating transformation around physical freedom, and infusing our embodiment with real vitality, toward our living as Wizards. Moon visits Venus for the 1st divestment. A long-worn crown is relinquished, opening us as portals directly to All-That-Is.

The **Day Out of Time** offers a Mirror. Reflective endlessness shifts our perceptual reality as we abide in All-That-Is.
