

Moon 2 ~ Moon of Relatedness

Sun shines and Skywalker Worldbridges in Relatedness during our Year of Wizard Originating

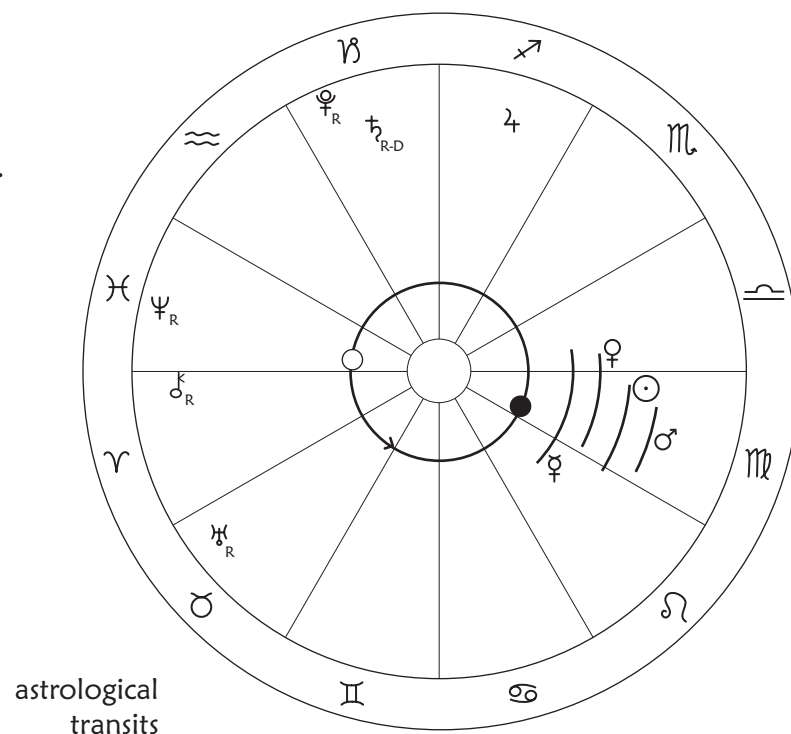

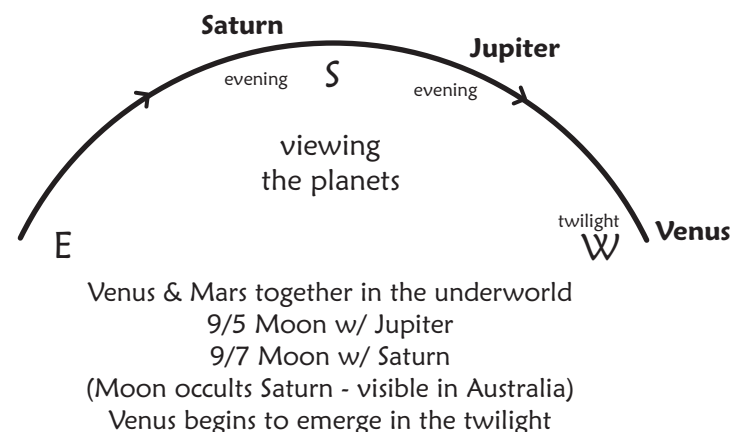

Sun shines upon relatedness of all kinds. We are not alone, ever! We are challenged to be in direct, open, and intimate relatedness with everything under the Sun, ripening the beginnings of freedom.

On 8/24, a 4 Night portal day, **Venus & Mars conjoin**, trysting in the “under the world” of Sun’s glare. At home in the Universe, a new dream-story-form of relatedness is conceived. Coming in early Virgo, this is not about partnering or getting what we want. This involves sacred sexuality serving to open us into Life, as we maintain our selves. Moving on, they each trine Uranus in Taurus, sparking the energetic & momentary pleasures of embodiment so uniquely our own.

Skywalker leaps into the heavens, refining our new beginning in living freedom through journeying (without trying to get anywhere). 2 Wizard loves to experience relatedness in this cosmic context of the unfolding multidimensional reality. Wonder where & when we’ll go...

With great humility, we die to who and what we’ve been, becoming **Worldbridgers** in direct relatedness with the Beyond. This resolves the mounting internal tension as Jupiter square Neptune draws in. The world & spirit must both be honored, actively & simultaneously.
