

Moon 7 ~ Moon of Attunement

Dog in Night with Warrior for Moon Attunement *during our Year of Wizard Originating*

Dog howls with the breath of freedom under the barely eclipsed Full Moon in Cancer, sitting opposite Sun huddled with Mercury, Saturn, & Pluto in deep winter Capricorn.

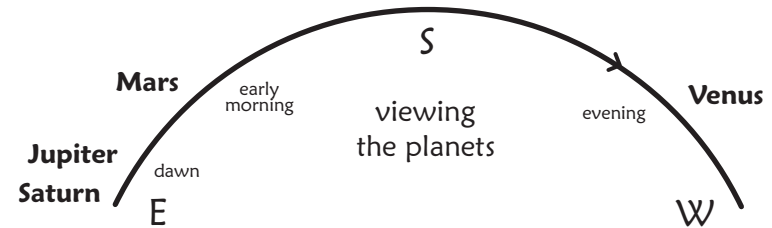

We're in the **Night** of the year, attuning from deep within our homes and selves to powerful stories & dreams, and hard-won wisdom, ripening into our freedom from the inside out.

Saturn conjuncts Pluto in Capricorn, Sun & Mercury too, so it's personal. What's been in power, in us & the world, that's not in integrity, crumbles. A new story and experience of power & authority is possible. Slow & steady work is needed to build anew.

Warrior attunes to embodied strength and presence in walking the Earth, welcoming the **Year of Metal Rat** with fortitude and hard work in meeting challenges, that could pay off in the long run. Moon visits Venus for the 4th vestment, conferring a heart amulet that blazes like a Sun on our chest, radiating warmth.

Magic is afoot as we attune to **Moon**. Remembering our selves amidst the cycles and tides brings freedom.
