

Moon 8 ~ Moon of Action

Skywalker Worldbridges, Storming into Action

during this year when Wizard Meets Mirroring Storm

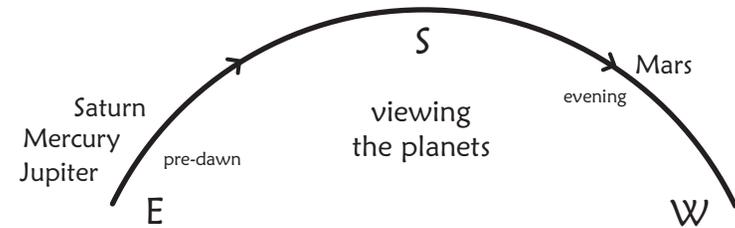

Dimensionally journeying as seasoned-by-experience Saturnian **Skywalkers**, meeting the world with clear vision of what's real, is our new approach to taking action, to being selves in motion.

Saturn in Aquarius sextile Chiron in Aries, teaches us to willingly and maturely express and transmit our authority, living what we believe, which makes for wisdom-based action, while **Saturn in Aquarius square Uranus in Taurus** demands the slow immediacy of responsible freedom & revolutionary embodiment. To maintain expansive humanitariansness and loving loftiness along the Aquarian journey's way, personal Venus & Mercury join with social Jupiter.

Beneath dazzling Moon & Mars with the Pleiades, Sun dips into an oceanic Piscean dreamscape, & we become liminal **Worldbridgers**, maintaining our embodiment in this world while opening into spirit. Action is now taken from a place of being merged with Universe. Our perceptual abilities rise to the moment as Mercury goes direct.

The **Storm** wave (in this Storm year) rolls in. Timely energetic activation is what moves us into action. No longer does the old brute force trying hard to make certain things happen approach work (in any way). When we're being in action with (& as) Storm, a well-timed jolt catalyzes massive change, in a moment. Be catalytic!
