

Moon 13 ~ Moon of Freedom

Sun Skywalks Worldbridging Freedom

as Wizard Seeds Wind

into a year of Moon Worldbridging Portal Form

Sun shines warmly upon a gateway opening into the All-That-Is. This is enough. We're invited by Life to nurturingly and nourishingly bestow the gift of our natural radiance, freely shining, offering our selves and lives to this moment, ripening into our liberating new beginning.

Skywalker journeys in freedom, amidst possibility, refining our new beginning, as we learn how to let go into living in the multi-dimensional vastness, journeying as our way of living.

Full Moon in Capricorn reminds us that this is what's ours to do, our work and responsibility, learning to live this freedom, that we may become our selves in the process.

Immense freedom comes by dying to who we've been, who we thought we were. Through continual surrender, we're refined into liminal beings... With great humility & openness, arms outstretched, we learn to live on the threshold between worlds, as **Worldbridgers**, joining with All-That-Is.

The **Day Out of Time**, on 3 Star in the Worldbridger wave, offers the possibility of moving with, and as, the dancing of the stars...
