

Moon 3 ~ Moon of Motion

Wizard Hands trace Sun Motions

as Wizard Seeds Wind

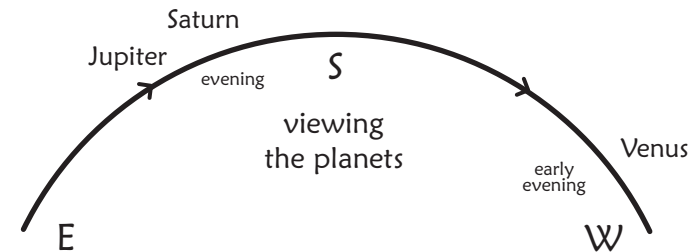

Wizard flows, shapeshiftingly moving with the motions of Life, as the motions of Life. Newly emerging relatedness, beyond binaries, has us learning to journey along ridgelines, between yin & yang, third thinging. Full Moon in Pisces shines harmoniously upon this equinoctial balancing, accompanied by Mercury air-trining Jupiter. Many astrological trines arise, inviting us to willingly and effortlessly flow with what's flowing! **Mercury in Libra turns retrograde**, a time when our relational thinking & communicating is revised.

Tree-like, we receive energy from the heavens, down through our reaching arms, flowing thru our trunk, and Earth-shared thru our leggy rooting, as great beings able to string the three jade beads...

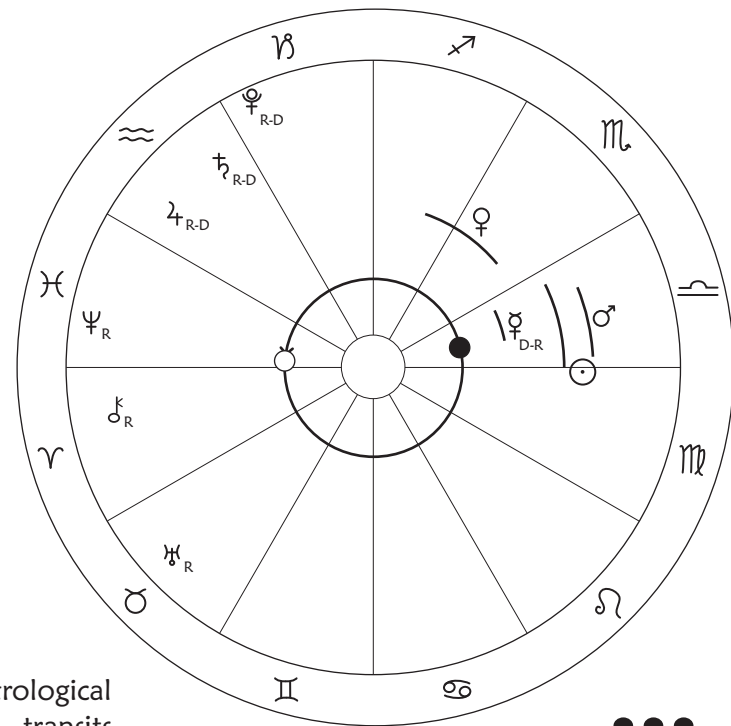

Hands reach, touch, and craft, moving with dexterity, making and expressing beauty. Amidst a freeing Storm portal, Moon visits Venus sitting in the face of the Scorpion to confer a throat chakra supporting necklace, as Sun, Mars, & Mercury converge in Libra, inspiring us to more expressively show up as our selves, creative will embodied, in our relational conversation with Life. Be Hands On...

Sun shines upon our re-storyative work of conversing with the Universe, generously and generatively, even in this deepening dark time of year. As Saturn & Jupiter station direct, and Venus trines Chiron, it's time to move from a place of bestowing our gifts through doing what's ours to do, radiantly. This is not about needing/using "having a purpose." Living purposefully is the healing transmission.
