

Moon 13 ~ Moon of Freedom

Human Serpents Mirroring Freely

*while Storm Wizard Balancing
toward a year of Seed Mirroring Attunement*

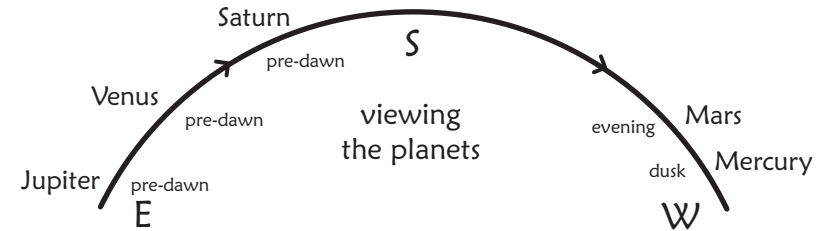

A gateway opens to **Human Freedom**, maturing, ripening, and refining our living of new realities. As a seed of human freedom drops, **Uranus moves into Gemini**, this ruling planet of Aquarius and the new age we're moving into, inviting us to be truly human. After many years in Taurus, focusing us on experiencing, valuing, and embodying the new energetic reality, comes a major change in what's revolutionizing and how we engage in expressing our uniqueness. Now, our focus shifts to orienting by, and being in, timely learning conversation with local expressions of Universe.

Serpent opens a portal of transformation, undulatingly dancing us beyond the known, into the freedom of new realities by the light of **Full Moon in Capricorn**. **Mercury goes Retrograde in Leo**, looking back thru the portal we're emerging from, enthusiastically.

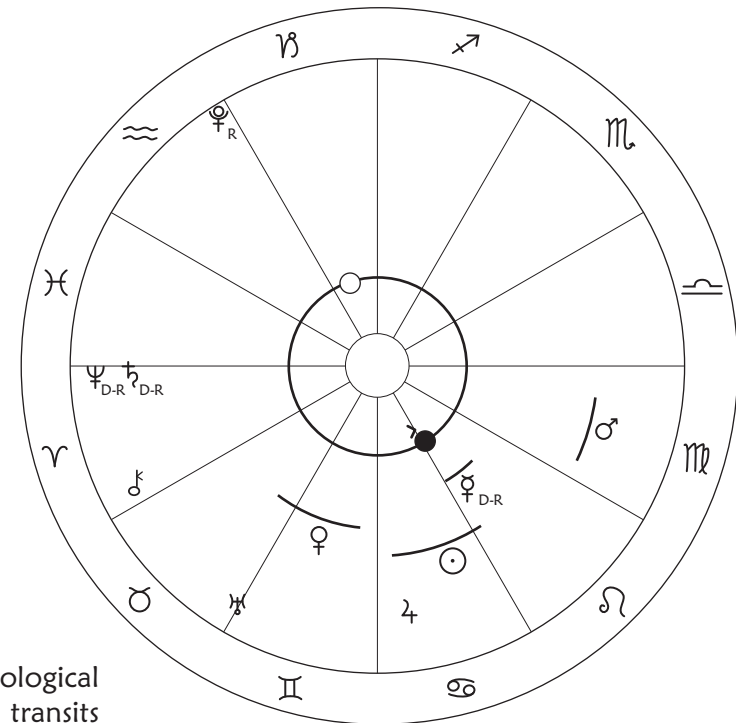

Perceptual transformation of our experience of new realities, comes as Moon visits Venus, releasing the 4th divestment protective **Mirroring** heart amulet. **New Moon in Leo** with Sun trine Saturn & Neptune opposing Pluto brings a phoenix arising.

The **Day Out of Time**, on a 6 Night day in the Mirror wave, offers the dream-storying of a new perceptual experience.
