

Moon 2 ~ Moon of Relatedness

Star Dragon Wizard Relates

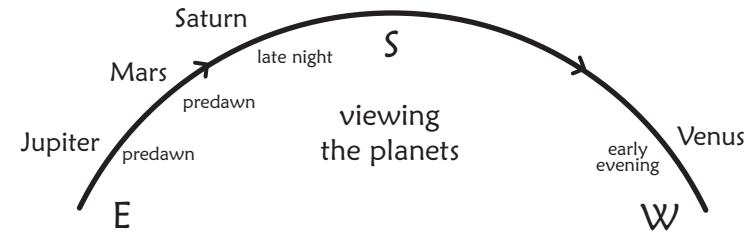

as Moon Rides Wind

Star shines, ripening the beauty way of relatedness magic. This can be perceived and expressed through living the pleasures of embodied sacredness as Mercury moves into Virgo trining Chiron in Taurus.

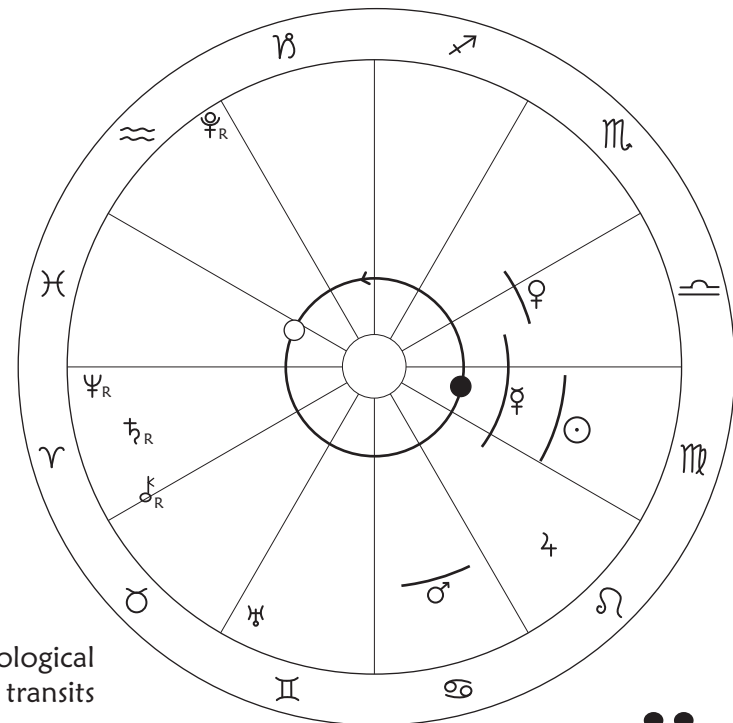

Dragon initiates a new beginning in **Living Relationally**, to unfold over the coming 260-days, illuminated by a **Full Moon in Pisces ~ Partial Lunar Eclipse** while Mercury conjoins Sun, all square Uranus. This resets relatedness, bringing the emergence of new perceptual experiences and language in articulating and conversing WITH Universe as the new Field of Aliveness. The social planets, **Jupiter in Leo trining Saturn in Aries**, harmonize emergent and expressive Fire, stoking and moving us in a maturely relational dance.

Wizard comes along, shapeshifting to meet the moment, effortlessly, in intimate relatedness with everyone and everything. Abundant sign shifting personal planet changingness arrives with the **New Moon in Virgo**, inviting us to embrace the enriching sacredness of everyday life. Then, Moon visits Venus for the 7th Vestment crowning. Revel in embodying fully-vested presence. **Neptune in Aries sextile Pluto in Aquarius** hums the immersively emergent interconnectedness of the new Field. **Chiron moves back into Aries** for its last months. Now's the time for living the gifts that show up thru the emergent arisings of self-expressiveness. Meet the challenge to live relationally.
