

# Moon 4 ~ Moon of Form

## **Skywalker Worldbridges in Storm Form**

*as Moon Rides Wind*

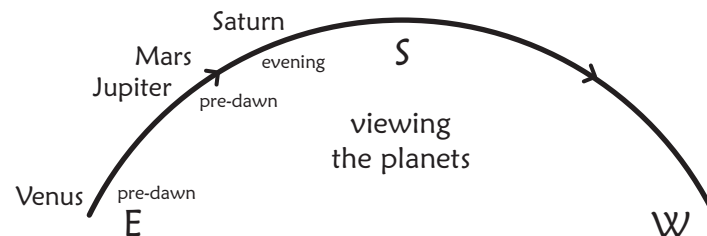

Living Relationally, in Form, is refined through **Skywalking**, through a dimensional journeying exploration of freedom, In, and With, the ever-emerging Field of Aliveness. Venus, moving from Evening to Morning Star, conjoins with Sun to seed its coming new cycle in Scorpionic potency, even as Mercury turns Retrograde to continue plumbing the Scorpionic depths. **Full Moon in Taurus** square Pluto embodies sensual pleasure, but not ease. Venus slips from Scorpio into Libra, emerging as Morning Star in the East, initiating a new 584-day Venus cycle of potent depth Living Relationally.

Residing on the threshold of emergence, as **Worldbringer** we live the liminal, continually invited to die to who we've been, and humbly meet this moment. These times echo the arising last February of the Fire Horse Year, along with the new reality story Saturn Neptune conjunction at 0° Aries, now walked & talked as our lives.

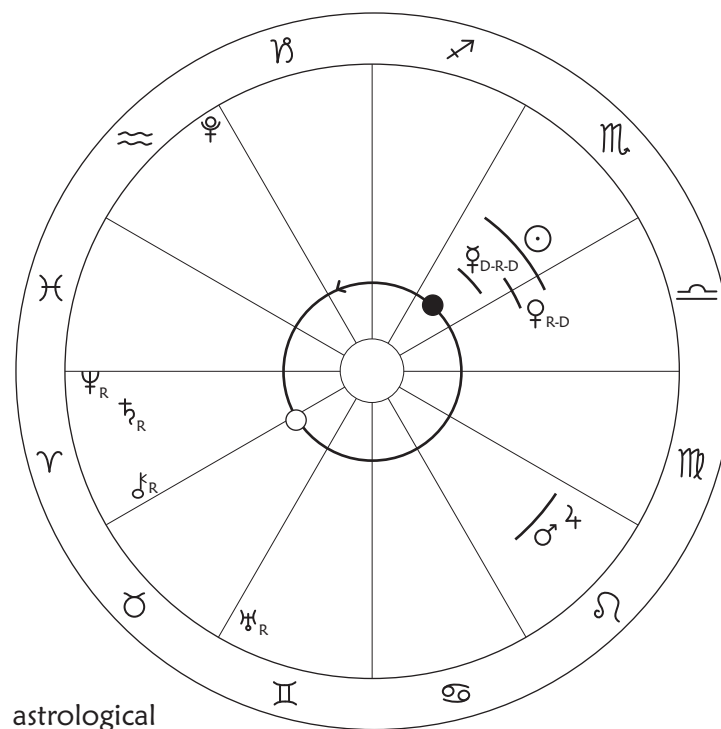

Nov 8th brings the **Conception Day for next New Year** (July 26, 2027), on a 9 Wizard day in the Worldbringer wave ~ effortless shapeshifting made real as our new form bridges worlds with the beyond human. We're invited into Living Relationally, in, and with, Universe as our beloved. **New Moon in Scorpio** near Mercury has something deep and true to say.

**Storm** rolls in, energizing form, activating aliveness. In reply, **Venus and Mercury both turn Direct**. Then, Uranus in Gemini trine Pluto in Aquarius draw close, and the air crackles with revolutionary, stimulating conversation.
